

ACCEPT THE CARD | INCREASE VOLUME

AEG Fuels provides fuel and flight services to commercial, military and general aviation operators around the world. Our clientele uses the AEG Carnet Card to move freely across our network and enjoy the benefits of our worldwide strength with a personal touch.

Adoption and Processing Procedure

Accepting the AEG Carnet Card is an easy and great way to enhance customer satisfaction, increase revenue and improve efficiency. You can choose to accept the card through integrations with your operating software, AEG's point of sale web portal, or by simply recording the 16-digit account number on the delivery ticket. AEG will always accept the charges when the card is presented so long as the card number is recorded and the expiration date on the card is valid. Alternatively, you can call + 1 305 913 5254 for a voice authorization number.
